Conference and Events Centre

Liverpool is truly a dynamic city on the rise. Anchored by a vibrant CBD to the east and new 24-hour international airport to the west, Liverpool is the strategic commercial centre of Western Sydney and the go-to destination for industry seeking to establish a presence in the region.

The Western Sydney International Airport, located within Liverpool's Local Government Area, has ignited a significant construction pipeline, driving investment in a range of sectors and generating momentum for local businesses and employment across the region.

Liverpool's CBD is undergoing a once-in-a-generation transformation, creating a high-amenity 18-hour city to cater for an annual 10 million visitors. Located at the intersection of Liverpool's transport, civic, heritage, and key river pathways, the \$600-million Liverpool Civic Place serves as the focal point for Liverpool's rejuvenation as a people and community-led knowledge city.

Experience Liverpool

A flourishing hub of inclusivity and growth, Liverpool City Council is committed to realising the vast potential of our city. We are aligning with the Greater Cities Commission's Greater Sydney Region Plan, 'A Metropolis of Three Cities', which is built on a vision of three cities, each with supporting metropolitan and strategic centres, putting workers closer to knowledge-intensive jobs, city-scale infrastructure and services, entertainment and cultural facilities.

We are in the business of capacity-building—generating opportunities that serve the needs of our vibrant and diverse community, contributing more housing, jobs, infrastructure and services within a 30-minute reach of our rapidly growing population.

Access to employment through transit-oriented development and fast, frequent connections to other strategic centres and employment hubs is critical to improving amenity in Liverpool and the lifestyle.

So why not hold your next event in Liverpool? Liverpool's newest building is now open and ready to receive visitors.
