Class 3 Contracts COMPLETE RECORD

If a Class 3 contract has (or is likely to have) a value of \$5million or more (a Class 3 contract), the register must include a copy of the Class 3 contract

A requirement of this part to include information or a copy of a contract in the register does not require the inclusion of:

- (a) The commercial in confidence provisions of the contract
- (b) Details of any unsuccessful tender
- (c) Any matter that could reasonably be expected to affect public safety or security
- (d) A copy of a contract, a provision of a contract or any other information in relation to a contract that is of such nature that its inclusion in the register would result in there being an overriding public interest against disclosure of the record

If information is not included or only some information is included in the register in relation to this section the following information must be included:

- (a) The reason why the contract or those provisions have not been included in the register
- (b) A statement as to whether it is intended that the contract or those provisions will be included in the register at a later date and if so when it is likely that they will be included
- (c) If some but not all of the provisions of the contract have been included in the register, a general description of the types of provisions that have not been included

Variations to Contracts

- (a) If a material variation is made to a contract that would affect the particulars that are to be included in the register, the particulars included in the register are to be amended to reflect the variation within 60 days after the variation becomes effective.
- (b) If a material variation is made to a contract a copy of the variation or the varied provisions is to be included in the register within 60 days after the variation becomes effective

Name of Contract	Name & address of the contractor and subcontractor	Details of any related company that may be involved in carrying out the contractual obligations	Date the contract becomes effective (Letter of Acceptance signed)	Duration of contract	Particulars of goods or services to be provided under the contract	Estimated amount payable to the Contractor and any allowable variations under the contract	Any renegotiation provisions	Method of tendering	Criteria for assessment	Any provisions for payment to the contractor for operational or maintenance services	Particulars of future transfers of significant assets to the State at zero or nominal cost to the date including the date of the transfer	Particulars of future transfers of significant assets to the contractor including the date of the proposed transfer	The results of any cost-benefit analysis of the contract conducted by Council	The component and quantum of the public sector comparator if used	If relevant, a summary of information used in the Contractor's full financial model (for example, the pricing formula for tolls or usage charges)	If relevant, particulars of how risk, during the construction and operational phases of a contract to undertake a specific project (such as construction, infrastructure or property development), is to be apportioned between the parties, quantified (where practicable) in net present-value terms and specifying the major assumptions involved	Particulars as to any significant guarantees or undertakings between the parties, including any guarantees or undertakings with respect to loan agreements entered into or proposed to be entered into
