MESSAGE FROM THE MAYOR

We welcome the sharing of the heritage, knowledge and cultures of the Aboriginal and Torres Strait Islander peoples and recognise their rightful position as custodians of this land, Australia, and that of Liverpool City.

The launch of Liverpool City Council's Reconciliation Action Plan, 2017- 2020 is a positive way forward in building respect, promoting social inclusion and equality, upholding rights and bridging the gap to create communities that are healthy and safe, connected and productive for all Australians. I commend the Reconciliation Action Plan and I look forward to working in partnership with all of our local communities and stakeholders in building our new city, our shared future and, together, realising our full potential.

I invite you to read, reflect and support initiatives in the plan as we move towards a unified community that celebrates, and is proud of, the significant Aboriginal cultures that we have within the city of Liverpool.

OUR BUSINESS

The City of Liverpool is experiencing significant change and will continue to do so into the future. Our city is the regional city for South Western Sydney and plans are in place to further develop a high quality, attractive regional city with a full range of business, government, retail, cultural, entertainment and recreational activities. The population has grown and it is predicted to double in the coming decades with new urban development across the city.

Council encompasses 42 suburbs and localities, which Council supports by:

- a) Providing services, facilities, resources and support to the community;
- b) Protecting the community to make sure it is safe and clean;
- c) Preventing harmful influences such as excessive noise and pollution;
- d) Planning services, facilities and developments affecting our future; and
- e) Representing Liverpool to other areas of government.

Council is committed to strengthening and celebrating Liverpool's unique community identity by:

- a) Engaging and consulting with the community to enhance opportunities for communication and involvement;
- b) Delivering a range of stimulating and vibrant cultural events, programs and festivals;
- c) Providing first-class and iconic facilities and places; and
- d) Protecting and preserving Liverpool's heritage, including its rural landscape and cultural history.

Council recognises and respects the connection between the land and waterways in our city, and appreciates the important role that Council plays in maintaining and strengthening the identity and culture of its local Aboriginal and Torres Strait Islander residents.

OUR VISION FOR RECONCILIATION

Council appreciates the importance of partnering with the local Aboriginal and Torres Strait Islander communities and key industry stakeholders to deliver the actions identified in this Reconciliation Action Plan (RAP).

Council respects the rights of all Aboriginal and Torres Strait Islander people to retain a strong relationship with their people, their culture, values, customs and land, and we acknowledge our role in supporting them to achieve better social outcomes. Council also recognises that much of the land within the Liverpool LGA is of heritage significance to Aboriginal people.

Council acknowledges and values the contributions made to our community by our local Aboriginal and Torres Strait Islander community and values their rich cultural identity. Council recognises the serious social, health, economic, educational and employment disadvantages facing many Indigenous people. Our vision for reconciliation is to consult, negotiate and work with our Aboriginal and Torres Strait Islander community to support positive change. Council will maintain positive community partnerships for reconciliation that enable local people to actively participate in reconciliation activities. Council will also support the sustainable development of Aboriginal and Torres Strait Islander driven projects, events, venues and services within our community.

Cultural Diversity Banner Project

The project was an example of Council's ongoing commitment in celebrating Liverpool City's rich cultural diversity. Council commissioned local artist David Capra, winner of the Blake Prize 2013 - Emerging Artist Award, to engage with local community groups to identify what uniquely represents the cultural diversity of Liverpool.

OUR RECONCILIATION ACTION PLAN

2017-2020

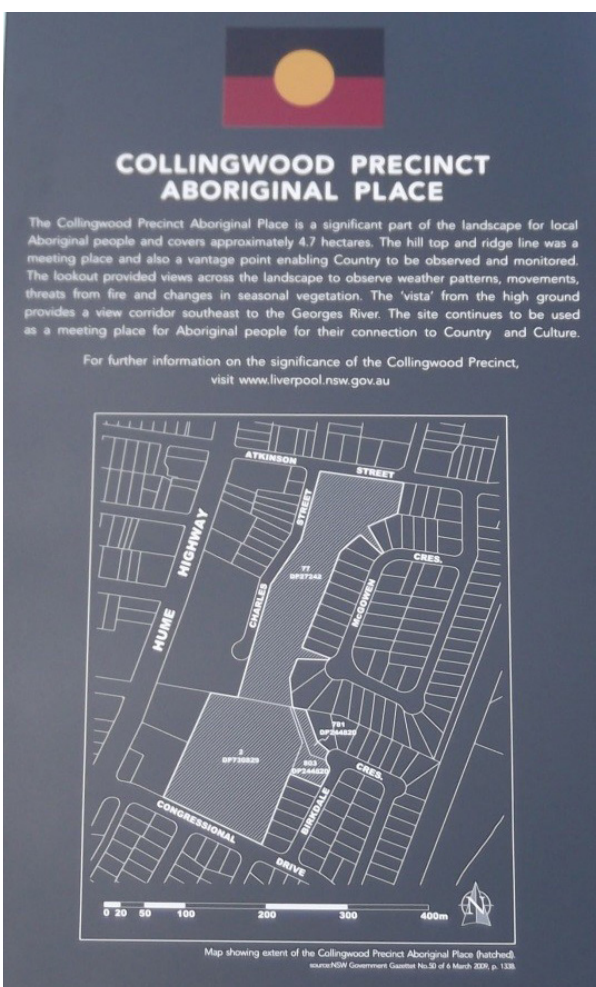

In July 2000, Liverpool City Council developed a Statement of Commitment in consultation with local Aboriginal and Torres Strait Islander community members of Liverpool, which is proudly displayed in the Liverpool Council Chambers.

This Reconciliation Action Plan is the next stage in ensuring Council's commitment to working alongside our local Aboriginal and Torres Strait Islander communities to improve the lives of our fellow Australians and to celebrate the rich Aboriginal culture in the area. This Reconciliation Action Plan is based upon the framework provided by Reconciliation Australia. It is a nationally endorsed action plan that reflects key national, state and local priorities.

Our Reconciliation Action Plan has been developed as a result of a process of negotiation and consultation with members of the local Aboriginal Torres Strait Islander community. The Plan is divided into three key strategic themes, being Respect, Relationships and Opportunities. Each of these themes has a number of focus areas accompanied by a set of measurable actions.

To achieve the desired outcomes, key Indigenous stakeholders and departments within Council will continue to work together collaboratively. An example of this collaboration was Council's decision to undertake a Cultural Diversity Banner Project on 9 October 2013 (see page 10).

ACTION PLAN

This Action Plan supports Council's Community Strategic Plan, and also supports Council's mission, vision and values.

Note: A Welcome to Country is an important traditional Aboriginal cultural practice. It is conducted prior to official meetings, events or activities, where an Aboriginal person welcomes the community to their country.

Welcome to Country can only be conducted by an approved Aboriginal representative of the country in which the event is being held. For example if there was an event being held in the Gandangara boundaries (see above map), a representative must be sourced from that tribal group or from the traditional custodians (Darug Nation or Dhurawal Nation).

If an Aboriginal representative is not available, an Acknowledgement to Country should be conducted. This can be performed by a senior person from the organisation hosting the event. It is protocol that if a Welcome or Acknowledgement to Country is already performed, the senior person from the organisation should also conduct an Acknowledgement to Country.
